

REF E. J. 1/40.

& 16 Other Activities.

Shanghai.

Dear David,

The girls and boys of the Vocational Training Centre have for some time past organized their own Friday Evening Services. The idea of holding these Services originated with the children themselves and although attendance is in no way compulsory there are usually about 100 girls and boys present.

I should be very glad if you would care to attend a Service on Friday, the 28th instant at 6.15 p.m. precise. The service takes place at the S.J.Y.A. Centre which, as you know, is situated in the Li Chi Kwei School, 100 Kinchow Road.

If you would care to be there earlier, you would see the S.J.Y.A. Tennis Club in operation and the girls and boys of the Vocational Training Centre enjoying their dancing lesson - this is the only activity on at that hour on Friday afternoons.

I hope you will give me the pleasure of coming.

Yours sincerely,

HORACE KADOORIE.

P.S. -- Please bring anyone you would care to have with you.

It is essential to carry Cholera Passes in order to cross the Soochow Creek.
